

Press Release:

New Post Acute Rehabilitation Center Opens at The Brian Center

By Kissito Public Relations

Low Moor, VA - May 5, 2008

The Brian Center has announced the Grand Opening of its new Post Acute addition! This area will house the **Post Acute Rehabilitation Center** and offer specialty short-term care for complex medical needs. State-of-the-art rehabilitation equipment will include Ultrasound, E-stim, Diathermy, NuStep, Omnicycle, Solo-Step and VitalStim.

The luxuries of the new Post Acute Rehabilitation Center will be elegant private rooms with flat screen televisions, adjustable electric beds, individual telephone service, cable television, a separate entry for easy access, recreational and therapeutic activities, and a fine dining experience.

The Brian Center would like to thank everyone for being here to help celebrate this special occasion. The staff would also like to thank all of the individuals who have dedicated their time and support to help make this project happen.

A special thanks to the Alleghany Highlands Chamber of Commerce, Teresa Hammond, Executive Director, Tim Tobin, President of the Chamber; Annette Anderson, Mayor of Town of Clifton Forge; Harrison Scott, Mayor of City of Covington; and Carolyn Barnette, Alleghany Board of Supervisors for being our guest speakers.

The Brian Center is a member of the Kissito Post Acute network.
